

ATTENTION ALL USW 1005 RETIREE'S

Morneau Shepell will be sending out Amended T4A forms for the period of May 1, 2018 – December 31, 2018.

You should receive your Amended T4A within the next 7-10 days.

Hold off on filing your tax returns until you receive these new forms.

The Canada Revenue Agency ("CRA") is treating the issue as a payroll error. The CRA has intercepted the initial T4A forms and are in the process of deleting them from their system.

Morneau Shepell will commence refiling the Amended T4As with the CRA. This will take approximately 1 week to complete the process.

If you have already filed your 2018 tax return, an amendment will need to be filed once you have received your new T4A.

Amended T4As will include letter explaining why Morneau is issuing an Amended T4A.

The Amended T4A will reflect 8 months of Pension payments for May to December, 2018 instead of 9 months.

Thanks everyone for your calls to us over the last week.
