

COVID-19 INFORMATION UPDATE #3

March 24, 2020

The COVID-19 pandemic continues to change rapidly, and it is important for everyone to remember to choose solidarity and not pass the virus on. If you're sick or concerned about being at work call us.

These are stressful times, everyone is concerned for their loved ones, raising concerns on social media is not helpful to anyone, again just call us.

If we have pay issues, we will deal with them.

We have access to excellent legal advice and we're in constant contact with them during this period.

On Monday March 23rd, 2020 the Province of Ontario announced the closure of all non-essential businesses. **Steel is considered** and should always be considered **essential** to the province and the country, but most importantly the workers are essential. We would like to thank all our members that have stuck together, followed the protocols and continued to make steel through this unprecedented time in our lives, you are what makes it all work.

We know people are doing what they can to keep two meters from each other and cleaning frequently touched surfaces. Try not to touch your face and wash your hands frequently. **If you need cleaning supplies, ask your supervisor.**

If you develop a fever, cough and or shortness of breath. Isolate and quarantine, complete a self-assessment at www.ontario.ca/coronavirus

If the assessment indicates that a clinical assessment is necessary, individuals may contact their family Doctor or Hamilton Public Health Services

**COVID-19 Hotline 905-974-9848 or
Telehealth Ontario 1-866-797-0000**

In Solidarity,
USW1005
