

PLANT NOTICE

Stelco is excited to introduce a new program for production employees: the **Production to Trades Apprenticeship Program (P2T Apprenticeship)**. This program offers production employees with the opportunity to enhance their skills in the trades and become qualified tradespersons.

The job level for the P2T Apprenticeship Program is TBD.

Prerequisites:

- Completion of a post-secondary skilled trade program or a Pre-Apprenticeship program (preferred), or
- Demonstrate an interest in the skilled trades, or
- Previous employment history in a skilled trade

We invite you to apply to the P2T Apprenticeship Program. The selection process will include:

- Review of employee performance record
- Administration of an aptitude test with a minimum acceptable score
- Internal interviews

Please note that a limited number of production employees will be selected for the program.

If you are interested in applying to the P2T program, please complete the attached application form and email it to charleen.wagenaar@stelco.com or scan the QR Code and complete the application form online.

The deadline for applications is December 18, 2024.

Vice President, Human Resources – Sara Blake
